PORTSMOUTH, N. H. SATURDAY, APRIL 15, 1916.

Portsmouth Daily Republican Merged  
with THE HERALD July 1, 1902.

PRICE TWO CENTS.

## REPORTS OF ANOTHER FIGHT

**Many Additional Machine Guns, Ammunition and Supplies Are Being Sent to U. S. Troops in Mexico**

(Special to The Herald)  
El Paso, April 15—Reports that another fight had taken place between U. S. troops and Mexicans in the vicinity of Parral in which some Americans were killed, were circulated here today, but they lacked official confirmation.

Major General Funston is strengthening the defenses of the American lines of communication into Mexico, and at the same time many more machine guns and thousands of additional rounds of ammunition went over the border today for the U. S. forces.

The American military units in Mexico are said now to be fully prepared for any emergency that the diplomatic parley between First Chief Carranza and Secretary Lansing may bring forth. Auto trucks guarded with machine guns and conveyed by

cavalry are rolling across the border from Columbus, N. M., piled high with supplies of all kinds. The base of the U. S. punitive expedition is being moved southward according to a code message received here. It is stated that the base, the location of which was not given, will have transportation established by Monday. Another dispatch stated that an advanced guard of Brig. General Pershing's flying column was pushing into the state of Durango, disarming all Mexicans on the way. The order for disarmament resulted from the Parral affair last Wednesday. Reports from the front are slow although numerous dispatches have been received from newspaper correspondents. There has been no direct word from General Pershing since an aeroplane brought news of his arrival in Satevo last Tuesday.

ed to the state department that Chihuahua newspapers state that only one American soldier was killed in the fighting at Parral. He said the press was impartial in its statements concerning the clash. This is the first official information to be received direct by the state department concerning the Parral trouble.

## ONE AMERICAN WAS KILLED

(Special to The Herald)  
Washington, April 15—Consul Leticier of Chihuahua City, today reports

## BARK SUNK BY GUNFIRE

**U. S. Receives Confirmation of the Sinking of the Inverlyon.**

(Special to The Herald)  
Washington April 15—The state department today received official confirmation of the sinking of the unarmed bark Inverlyon, on which were two Americans, off the Irish coast. Both Americans were saved. The following report was received from the American consul at Queenstown: "Aberdeen bark Inverlyon, from Portland, Oregon to Limerick sunk by gunfire April 11, one hundred and ten miles west of Valencia. Unarmed. No attempt to escape. Fifteen minutes allowed to abandon ship. One boat containing 12 men, including 2 Americans saved. No Americans lost."

## MAY SUE ROCKEFELLER

(Special to The Herald)  
Washington, April 15—The Department of Justice announced today that they are considering bringing criminal action against John D. Rockefeller, John Archibald and other Standard Oil officials and directors owing to their failure to carry out the dissolution decrees in the Standard Oil trust suit.

Length of Day..... 13:22  
High Tide..... 10:02 am, 10:25 pm  
Moon Sets..... 3:27 am  
Light Automobile Lamps at..... 6:56 pm

## UNITED STATES MUCH CONCERNED

**Feeling of Unrest is Added to By Lack of News From Gen. Pershing in Mexico**

(Special to The Herald)  
Washington, April 15—The U. S. government is very seriously concerned over the missing of Carranza troops along the lines of General Pershing's communication in Mexico. This feeling of unrest is added to by an absolute failure to get into touch with General Pershing who is at the extreme front. Pershing has not reported in three days and Major General Funston seems unable to get in touch with him. Army aviators are now trying to reach Pershing to find out just what is the matter.

It was admitted today that last night's midnight conference between Secretary Baker and President Wilson dealt with the reported movements of Carranza troops. The fact that some 5000 men well armed and equipped under the command of General Gomez have been moved from Sonora to Chihuahua where they are in position to try to cut off the American expedition within the last 48 hours is declared by army officials to be an unfriendly act. Secretary Baker so told the President and it is understood that the state department now is seeking an explanation of that move. The general tension over the Mexican situation was growing today. Officials frankly say that they fear trouble. Sunday as Sunday is a feast day in Mexico.

## WINDUP OF CONTROVERSY

**Sec. Lansing Studying Evidence in Cases of Torpedoed Ships to Prepare Another Note to Germany**

(Special to The Herald)  
Washington, April 15—The stage was set today for the final windup of the controversy between the United States and Germany over the illegal attacks by submarines on unarmed merchantmen. Secretary Lansing spent two hours digesting the affidavits and evidence dealing with the steamers Sussex, Manchester Engineer, Englishman, and other recent cases in which American rights were violated. He prepared a voluminous digest of this evidence which he sent to the White House, and which now is before the President. It will be incorporated in the note which Wilson expects to send to Germany within the next two days. Reports that Ambassador Gerard has already been notified to get the affairs of his office in shape so that he can leave Berlin, were said in official circles to be "premature." No such order has been sent, Secretary Lansing said. That it will go if Germany does not change her attitude, is absolutely certain.

property until late this afternoon or Monday.

## BOMBARDMENT BY RUSSIANS

**Austro-Hungarian Positions in Galicia Heavily Shelled.**

(Special to The Herald)  
Vienna April 15—Austro-Hungarian positions in Galicia have been heavily bombarded by Russian artillery, the war office announced today in an official statement. Near the mouth of the lower Strypa river, a battle developed which is still in progress. The Russians penetrated the advanced position of the Austro-Hungarians but were afterwards ejected. A retirement in the Adamello section is admitted in the Austro-Italian theatre of war.

## MEXICANS ARE ASSEMBLING

**Carranza Troops to the Number of 6000 Reported at Chihuahua.**

(Special to The Herald)  
El Paso, April 15—Army aviators brought the news to Columbus today that about 6,000 Carranza troops from Sonora were assembling along the American line of communication in Chihuahua. The main detachment, the aviators reported, is in the neighborhood of Janos and is supported by machine guns and field pieces. This information apparently contradicts the Mexican official denial of a mobilization in Chihuahua of Sonora soldiers.

## KYANIZE FLOOR AND VARNISH FINISH

and oriental designs.....  
Couch Covers, Bohemian shades..... 75c to \$6.50

## ELECTRIC LINE SOLD TODAY

**Many Bidders for the Copper and Steel of the Citizens Materials Railway.**

The bids for the sale of the Citizens' Materials railway company property, which includes the electric car line between the Portsmouth Plains and Greenland were opened at 3 o'clock this afternoon in the presence of the board of directors who met at that hour to view the several proposals. Up to noon several bids had been received by President Seybold, some for the copper and some for the rails, others made a price for the whole thing. The sale was agreed upon by the majority of directors on March 15. Owing to the high cost of copper and steel the company expects to realize nearly 75 per cent of its investment. Eight hundred dollars is due the Boston and Maine, being the local company's share of the cost above \$1000 for relaying the 3000 feet of track in 1912. The company received \$160 per year for rental of the pole line to the Rockingham County Light and Power Company. The directors will not award the

## Suggestions for the Easter Buyer

### EASTER NECKWEAR

To be perfectly dressed you must be perfectly corseted, we have a complete line of Gossard, La Grecque, Nemo and R. & G. Corsets—\$1.00 to \$7.50.  
Come and be fitted by an expert corsetiere.

**L. E. STAPLES, MARKET STREET**

## CREDIT SYSTEM MADE SOUND BY BANKRUPTCY LAWS

NATIONAL ASSOCIATION OF  
CREDIT MEN CALLS SYSTEM  
SOUND AND FLEXIBLE

New York, April 11.—The National Association of Credit Men has issued a statement, the text of which is:

"For the first time in our commercial history we have a flexible and sound credit system, and to a very large extent this is true because we have established here the principle of federal bankruptcy law. Without such law, we have no hesitation in saying the foundation of this credit system would inevitably be shaken."

In its review of the situation the association says:

"The national bankruptcy law cannot be considered fairly unless the conditions in the more than a decade prior to its enactment in 1898 are understood in their full significance. This period was marked by low prices, low wages and low incomes. Various remedies were assigned for these systems, inadequate purchasing power that could not be remedied by the infusion of an unrestricted quantity of the cheaper metal into our currency, but for which the remedy lay in the development of a purchasing medium sufficiently flexible to expand and contract with the needs of business; in other words, a stable and sound credit system."

"The conditions to be overcome and eliminated were lack of borrowing facilities, lack of facilities to discriminate between safe and unsafe credits, and lack of a national law guaranteeing equality and uniformity in the administration of insolvent estates."

"The increase of borrowing facilities was in proportion to the growth of a credit system which could not be overthrown by the first alarming symptom, but which had within it that which inspired confidence. This could not have been perfected except as there existed a national bankruptcy law, uniform and equal in its application. With the enactment of such legislation borrowing facilities increased commensurate with the needs of business and the confidence of the public."

"Freedom and fairness in interchange of credit experiences were encouraged by a law of uniform and equal application. Without it the old conditions would of necessity revert to conditions of fear, apprehension and suspicion under the 48 insolvency systems."

### BETTER THAN SPANKING

Spanking does not cure children of bedwetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W. Notre Dame, Ind., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child the chances are that it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

The Board of Public Works will receive bids until 8 p. m., April 19, 1916, on the following amounts of scrap iron, bids to be by the pound.

6 Tons, more or less, wrought iron pipe.

3 Tons, more or less, cast iron.

600 lbs., more or less, brass fittings.

For information apply at the office of the Board of Public Works, City Hall.

BOARD OF PUBLIC WORKS,  
W. A. Hodgdon, Supt.

### PROPOSALS FOR COAL

The Board of Public Works, Portsmouth, N. H., will receive proposals until April 19, 1916, at 8 p. m. (when they will be publicly opened at their office) to furnish one thousand (1000) gross tons (2240 lbs.) of Georges Creek Cumberland Coal, or equal.

Seven hundred and fifty tons to be delivered on City Railroad siding at the Sherburne Pumping Station.

Two hundred and fifty tons to be delivered at the Haven Pumping Station, by teams.

True copies of analysis of coal on which proposal is based is to be furnished and attached to bid.

The per centage of ash must not exceed 8.5 and B. T. U. must be at least 14,000 per pound of dry coal.

The Board reserves the right to reject any and all bids.

BOARD OF PUBLIC WORKS,  
W. A. Hodgdon, Supt.

tens with their various preferences and secret liens.

"A look-backward should convince us that the application of the amount of dividends alone as the unit of measuring the value of the national bankruptcy law is unjust and misleading. The claim that the law has encouraged commercial fraud is likewise untrue, because in the years prior to its enactment the bad debt waste attributable to commercial fraud was not only as great as, but greater than, in recent years. Furthermore, the claim that the law was put on the statute books merely as a relief to debtors made poor by the panic of 1893 has no weight, for those who believed in the necessity of such a law, and worked earnestly for its enactment in the early days of this association, had no thought 'but the continuance of the law as the foundation stone of a flexible and sound credit system."

"Those who have first-hand knowledge of things as they were prior to 1898 and were in the midst of the credit problems of those days are measuring the bankruptcy law by the service it has rendered in bringing order out of chaos in the credit system and introducing principles of equality and uniformity which are absolutely impossible under state insolvency laws."

## BOXING NOTES

MATT WELLS TO MEET EDDIE  
MURPHY AT THE ARENA ON  
TUESDAY

Boston, April 14.—Matt Wells, the clever English boxer who gave Charlie White of Chicago his first setback in Boston, is to meet Eddie Murphy of South Boston at the reopening of the Arena next Tuesday night. Matt and Eddie will box 12 rounds, and both have started training for the contest.

The local man is training at South Boston and he expects to be in good trim to hold this remarkably fast and clever exponent of the art. Wells is training at New York under the close and guidance of his manager, Dan Morgan, one of the greatest hustlers in the country.

From a gigantic angle Wells has something on most of the boxers in his class. He can hit and stop the blows as well as he can get away as fast as any of them. His judgment of distance is splendid. He thrives on opposition to steady and jab or crosses as occasion demands with rare discernment.

Murphy has been gradually working back and he expects to make a good showing with the Englishman. He is boxing every day with his partner and he is confident he will be in prime trim for his next bout.

A good semi-fight has been arranged. Tommy McFarland of the North End, has been selected to oppose Joe Connolly of Charlestown in this bout. In the six round preliminary Johnny Downs will meet Red Kelly and Johnny O'Brien meets Tommy Fox. Popular assessment will prevail.

### PROMISE FRESH SHRIMP TO NORTH AND WEST

Washington, April 15.—Shrimp that are as pure and fresh as those served on the seaboard are now possible for the north land coast. A new system of packing that insures this has been announced by the Department of Agriculture.

"Trial shipments made by investigators of the department working in co-operation with fishermen and the shippers, have demonstrated that when correct principles of handling and refrigerating are applied, freshly cooked or raw shrimp can be sent long distances and arrive in fresh prime condition. Arrangements have been made with shrimp fishers for shipments on a much larger scale."

The shrimp will be handled from the time they are caught until they are cooked according to the best methods of sanitation and refrigeration. These methods include icing the fish in the boat immediately after they are caught, except in the coldest weather in order to prevent softening and incipient decomposition that otherwise often takes place before the catch can be landed. After the shrimp are landed and their heads removed the precooking is continued by packing them in ice. Otherwise, the heat from the shrimp melts most of the ice in barrels during transit, resulting in deterioration.

### NO POSTAGE ON APPEALS TO CONGRESS, PERHAPS

Washington, April 14.—You won't have to pay postage on business letters to your congressman if a bill introduced in the house by congressman McCulloch of Ohio is passed. The McCulloch bill stipulates that any letter addressed to a senator or representative in Congress, the contents of which relate solely to pending or proposed federal legislation, shall be conveyed in the U. S. mail free of postage.

Mr. McCulloch says he believes in hearing what the people back home want in legislation, and that they should not have to pay any postage to express their wishes.

For regular action of howels, enay, natural movements, relief of constipation, try Donn's Regulets, 26c at all stores.

## LOOK AT CHILD'S TONGUE IF SICK CROSS, FEVERISH

When constipated or bilious  
give "California Syrup  
of Figs."

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all this foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without grunting, and you have a well, playful child again.

You needn't coax sick children to take this harmless "Fruit Laxative"; they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

## BOWLING

Renner Hit 'em for 348.

In the weekly roll-off at the Arcade Alleys that evening Renner led a field of 26 bowlers with a score of 348 for his three-string total. His highest single was 123 and his lowest, 109. Second place was taken by H. Dow with 293 and third captured by H. Holland with a score of 291. The special prize was awarded to Grey with 251. The summary:

Renner	116	109	123	348
H. Dow	120	91	91	302
H. Holland	91	105	95	291
Humphrey	261

### Commercial League

In the Commercial League game rolled on the Arcade Alleys Team No. 4 defeated Team No. 5, winning three of the four points. For the winning team Holland was high man with a total of 314, rolling 113 for his high single. Jordan rolled 303 for the same team, 250, rolled by Palmer, was high for Team No. 5. The summary:

Team No. 4				
Grey	85	86	67	238
Jordan	112	101	90	303
Holland	93	113	103	314
Team No. 5				
Humphrey	50	93	83	226
Hineley	82	88	105	275
Palmer	92	105	83	280
	251	286	272	812

### Two Strings Only West End Roll-Off

At the West End Alleys last evening the weekly roll-off Lynchey took first place from a field of 21 men, two strings only being rolled by each contestant. Lynchey rolled 213 for his total, hitting the wood for 123 in his first string. D. Reardon with 193 took second place and third was won by K. McNeil with 191. The summary:

Lynchey	122	90	213
D. Reardon	103	95	198
K. McNeil	101	70	191
Leahy	97	92	189
Moran	88	90	178

	395	417	445	1257

## BOSTON LETTER

Governor Samuel W. McCall has proclaimed Saturday, April 29 as Arbor day, to his proclamation he says in part: "However, we may have abused the kindness of nature by the waste of our forests, our lands are still ready to work in our service and to produce new crops of trees if we shall permit them to do so. We shall help and not hinder. Let us not forget to transmit to the future the debt we have received from the past and plant shade trees along our streets and in our parks and thus increase the health and beauty of our cities and towns. The children in our schools should be taught what so many of those who are older do not realize, the supreme importance of trees in the life of men."

The executive committee for the Billy Sunday campaign announced that the dates for the campaign in Boston next fall would in all probability be October 22 to December 21, inclusive. The Boston opening is being postponed a little later than originally planned so that Mr. Sunday might conduct a campaign of six weeks in Detroit, Michigan, beginning on September 1. The committee is to invite Rev. Floyd Tompkins, D. D. of Philadelphia to address a union ministers meeting in Boston the first part of May. Rev. D. D. Addison, D. D. of Brooklyn who has been elected a member of the Sunday campaign, will extend the invitation to Rev. Mr. Tompkins.

Human Day will be generally observed in all the public schools of Boston and in every other city and town of the state on Tuesday, April 18, except in places where schools will be having a vacation at that time, and so observe the day at a later date. The day is designated by the Massachusetts Society for the Prevention of Cruelty to Animals as a special day to be set aside for the teaching of "Be Kind to Animals." This year, as formerly the American Humane Education Society has supplied all schools with a 16 page pamphlet of "Readings, Recitations and other Exercises" for the use of every teacher in grammar schools. Over 14,000 of these exercises were needed to supply schools throughout the state and about 1600 will be used in the Boston schools alone. In the introduction President Francis H. Bowley says: "A generation trained in the virtues of kindness and good will toward their fellows and the world of animal life below them will mean a state, a nation, united against the curse and savagery of war and all the forms of cruelty that have marked the inhumanity of man."

### POLITICIANS WORRIED BY WOMEN'S PARTY MOVEMENT

Washington, April 15.—Members of congress are keeping one eye on the suffrage amendment, now running through the west with the object of forming a woman's independent political party. They reject was launched by the congressional Union with the object of organizing all women voters into a party that will demand the immediate passage of a federal equal suffrage provision, and refuse support to any party opposing nation-wide suffrage for women.

In the present situation this means the women will fight the Democratic party because the leaders of that party in congress have refused to support the proposed amendment. However, President Wilson has taken the position that women suffrage is a state issue, and this is flatly at variance with the position of the advocates of a national amendment. The special train is to travel through all the equal suffrage states of the west and lectures will be delivered by the women at all large towns and cities.

### GUARANTEED CHICKS.

It's not the number of chicks you hatch that count but the number that live. Careful mating of my breeding pens, the proper selection of eggs, a thorough knowledge of the art of incubation combined with all modern facilities in hatching have made possible the following:

I guarantee every chick to live and will replace all lost during the "critical period."

## MOVIES IN PUBLIC SCHOOLS

Boston Bureau of Education  
Makes Experiments in  
That City.

Boston, April 15.—Motion pictures probably will be introduced in Boston schools, following an educational experiment this week in the high schools of South Boston, Charlestown, East Boston, Dorchester and Roxbury. The trial of this idea was completed yesterday.

The United Shoe Machinery Company loaned four reels of films and the services of Walter Menzies, an lecturer, at the request of Edward C. Emerson, assistant director of the department of manual arts. The pupils were those in the pre-vocational classes of the grammar school boys more than 12 years old who wish to learn a trade.

The making of a shoe and the stages of the development of shoe manufacture, pictures showing the advantage to a boy of learning a trade, and views of the industrial school at Beverly and of a modern factory at Beverly were exhibited.

### MINUTES IN MANHATTAN

That newspaper writers urge others to prepare to defend their country, but are willing to fight only with their typewriters themselves, is a slur which has received a knockout blow in New York city.

Work on a newspaper is such an uncertain thing as to time and place that many newspaper men cannot join the national guard or go to a summer training camp.

Two young newspaper men early this winter decided there was a way out of this condition. They borrowed a national guard armory for one evening a week and persuaded two enthusiastic army officers to give up their spare time to this cause.

The result was the officers' training corps for newspaper men. Although both officers of the corps held subordinate positions, newspaper men of all grades including several renowned city and managing editors, enlisted enthusiastically.

The corps now numbers 279 men. The morning newspaper men who work night, drill days, and vice versa.

The corporals and sergeants are newspaper men who have had national guard experience or are Plattburgh veterans. The men buy their own uniforms and pay 50 cents a month for general expenses.

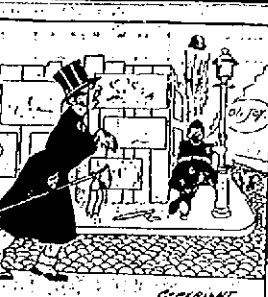

They drill hard for a couple of hours each time they meet, then go through calisthenics and finally listen to a lecture by some army officers. In addition a bunch of home work is given out which means a diligent study of Moss's Manual (the Army Bible) and a refurbishing of half-forgotten college and high school mathematics.

Although there is no compulsion attendance records are high. The corps, which has the approval of General Leonard Wood, is securely established.

Muscle with dentistry is the latest alliance of the arts and sciences reported here. Dr. John B. Seneca is the originator of the idea. He entered nine-tenths of those who entered his dentist's chair flinched before they were really hurt. He decided they were concentrating too much attention on the buzzing little drill we all know so well and that their minds should be diverted.

So when a patient sits down for the dental now, Clarence Seneca, Dr. Seneca's musical assistant takes his place at the baby grand and says: "Classical or ragtime?"

Mr. Seneca is able to play almost anything the sufferer suggests and does not play at all if the occupant of the chair desires. But few patients want the music to stop once they have tried its effect. The doctor bills for a get a reputation for that much advertised but seldom discovered article—painless dentistry.

### A STRANGE THING

It is, that more people do not realize the true economy of having footwear made by experts. Why suffer needlessly with stiff new shoes that hurt when you can have your comfortable old ones made to look like new and to give you good service for a long time, if you bring them to us for work in shoe repairing?

Give our careful work in this line a fair trial. We get all orders out promptly.

# ALPHA COUNCIL ENTERTAINS SUPREME GRAND REGENT

Portsmouth Council of Royal Arcanum Initiated  
25 Candidates Last Evening With Supreme  
Council Officers as Guests--Minstrel and Ban-  
quet Followed Work

Alpha Council, number 53, Royal Arcanum, of this city, was made larger by 25 members at the meeting held in the council chamber on Friday evening, the degree work being exemplified in an excellent manner by the uniformed degree staff of Major Waldron Council of Dover, which is composed of 21 members.

The council had as its guest Supreme Regent Samuel N. Hoag of Mt. Vernon, N. Y., and the other guests included Supreme Representative Frank E. Leavitt, Past Grand Regent Harry B. Vealon, Grand Regent Harry B. White, Grand Vice Regent E. D. Smith, Grand Secretary J. B. Adams, State Medical Examiner Fred S. Towle, Commissioner Howard O. Nelson, Deputy and Past Grand Regent of Massachusetts, Daniel R. Bickford and a large number of members of Major Waldron Council of Dover.

Following the work in the council chamber the visiting members from Dover presented their minstrel show which was first presented at the meeting at Dover, when the Portsmouth Council was their guests a short time ago. The show had been brought up to

date and a number of the Portsmouth members were the objects of good humored jokes. The singing was excellent and two of the end men are reported eligible to the professional ranks.

Supreme Regent Hoag made a short address to the members, complimenting the work of the visiting degree staff as the excellent work of Alpha Council as shown in the reports. His remarks were received with appreciation and he was given a hearty ovation at the conclusion of his talk.

There were about 200 present at the meeting and at the end of the minstrel show a banquet was served the men, including cold meats, salads, oysters, oysters, mashed potatoes, fruit, rolls, fancy crackers, ice cream, cake, coffee and cigars. The catering was in charge of C. B. Allen of Portsmouth.

The officers of Alpha Council were pleased with the work and with the number of members who reported at the meeting. The lodge is growing rapidly and the Supreme Council officers are satisfied that it is among the most active and progressive in the state.

## TO OBSERVE THE PASSOVER

This Great Jewish Feast Begins at Sundown, April 17.

The Jewish Feast of the Passover falls on the 15th day of Nisan, corresponding this year with Tuesday, April 18th. The celebration begins on the evening of April 17th with sundown. The manner of its observance was determined largely by the biblical ordinances concerning this feast. It is to be observed for a period of seven days. Those who cherish customs that originated after Bible times will keep the feast eight days.

The ceremonies are such as are explained to bring home the historical event which the feast commemorates, namely, the new born freedom vouchsafed to Israel after the long period of oppression endured under Egyptian tyranny. The eating of unleavened bread is enjoined a number of times in the biblical regulations touching the observance of the Passover feast. Unleavened bread is characterized as the "bread of affliction," and is also referred to in the Bible as the bread that was unleavened because of the enforced hasty departure from Egypt. In post-biblical times the earnest desire to keep the injunctions most scrupulously led the teachers of Israel to enact laws, such as the use of special dishes that had been guarded from contact with heaven and reserved only for the Passover season.

A charming and effective feature in the celebration of the feast is the special Seder service around the festive family board on the first evening of the feast, to which the Orthodox add a second evening. At this family service a special ritual known as the "Haggadah" is read. This ritual contains the story of the redemption from servitude, certain reflections inspired by the memories of old and certain psalms. This is followed by the ceremonial after which Grace is recited. The service concludes with the reading of additional psalms, the recitation of prayers and the singing of time-honored hymns. To this home service, stranger and homeless are cordially invited. On the table in front of him who presides over the meal are placed objects reminiscent of the ancient service and servitude, such as bitter herbs, reminder of the bitter lot of those who toiled in Egypt; a roasted lamb, a roasted egg, memorial of the free will offering that was brought in addition to the paschal lamb; parsley and the bowl of salt water, symbolizing the hyssop and its use in the first Passover observed in Egypt; and a confection of nuts and apples to represent the clay which Israel worked into bricks.

The Passover falling at the beginning of Spring, had originally a pastoral and agricultural character, which in time were overshadowed by the historical event associated later with the feast. Freedom and its obligation is the keynote of the celebration. The reform synagogues hold special services only on the first and seventh days, while the Orthodox observe also the second day and an additional eighth day.

The usual Passover services will be held by the Jewish residents of this city, beginning next Monday evening.

Ballimore, Md., April 10.—Physical training is better than military drill to prepare schoolboys for war according to Dr. Dudley A. Sargent, who will speak on the subject before the convention of the American Physical Education Association in Cincinnati to be held April 12-22.

Dr. Sargent will emphasize his belief that a real physical education to make young men fit is the need of the hour and that the putting of a gun in the hands of a schoolboy means practically nothing in the way of real preparedness.

The arrangement of the program of the convention is in charge of Dr. Willis Burdick, director of the Public Athletic League of this city. He said today:

"What we want is a nation of men that are physically prepared to meet any emergency be it of peace or war. Military training is technical training and should be conducted in a thoroughly scientific manner, whereas military drills as they must be conducted in schools are premature, unscientific and inefficient. The matter of knowledge gained by marching and a little military tactics means practically nothing and arouses in the mind of the boy a false idea of what military training is. When forced upon the adolescent, it tends to bring a contempt for this sort of training."

One of the most interesting papers read at the convention is expected to be that of Major B. Tait McKenzie, Professor of Physical Education at the University of Pennsylvania, who is on a leave of absence and is directing the physical training of probably a million men in various training camps in England. Dr. Charles W. Dabney, president of the University of Cincinnati will speak upon similar lines.

Experienced physical educators who will also discuss the topic of preparedness are Dr. William A. Oster, director of physical education, Indianapolis; Lory Prentiss, physical director of Lawrenceville, New Jersey for secondary schools; George W. Ehler, University of Wisconsin and Dr. Jesse P. Williams of Columbia University, speaking of universities.

The college trustees have made arrangements for the purchase of the M. G. Woodman farm here. The estate adjoins college property, includes an orchard of 100 apple trees, and will give much needed pasturage.

SAYS PHYSICAL TRAINING IS BETTER THAN MILITARY DRILL AS WAR PREPARATION

Ballimore, Md., April 10.—Physical training is better than military drill to prepare schoolboys for war according to Dr. Dudley A. Sargent, who will speak on the subject before the convention of the American Physical Education Association in Cincinnati to be held April 12-22.

Dr. Sargent will emphasize his belief that a real physical education to make young men fit is the need of the hour and that the putting of a gun in the hands of a schoolboy means practically nothing in the way of real preparedness.

The arrangement of the program of the convention is in charge of Dr. Willis Burdick, director of the Public Athletic League of this city. He said today:

"What we want is a nation of men that are physically prepared to meet any emergency be it of peace or war. Military training is technical training and should be conducted in a thoroughly scientific manner, whereas military drills as they must be conducted in schools are premature, unscientific and inefficient. The matter of knowledge gained by marching and a little military tactics means practically nothing and arouses in the mind of the boy a false idea of what military training is. When forced upon the adolescent, it tends to bring a contempt for this sort of training."

## REAL ESTATE TRANSFERS

John W. A. Green, Register  
Following are the conveyances of real estate in the county of Rockingham recently recorded in the Registry of Deeds:

Auburn.—Jacob W. Wilbur, Brookline, Mass., to Arthur Charette, Manchester, land, \$1.

Candia.—Mary A. Pratt to Henry W. Moore, land, \$1.

Derry.—George H. Ward, Boston, to Charles R. P. Jabez A. and Charles P. Buffum, Thetford, Vt., land and buildings, \$1.—Mie M. Peters, Watkinson, Mass., to Nora C. Clark, land and buildings, \$1.—Herbert E. Huston, Hampstead, to John W. Habbitt, land and buildings, \$1.

Epping.—Ella A. Brooks, Manchester, et als, to Chester A. Goodrich, land and buildings, \$1.

Exeter.—Nathaniel B. Coffas, heirs to Royal Model, land and buildings on Main street, \$1.—Henry K. Webster, Methuen, Mass., et als, to Walter S. Corliss, land in Osklands, \$1.

Kingston.—Ada L. Cummet, Haverhill, Mass., et als, to Benjamin W. Chase, Haverhill, three-eighths certain premises, \$1.—Sarah A. Cushman to Silas H. Reynolds, Swampscott, Mass., land and buildings in Kingston and Danville, \$1.

Landover.—H. H. Rice, Wilmington, Vt., to Wesley Adams, land, \$1.

Newmarket.—Mary H. Hanson, North Andover, Mass., et als, to Joseph A. Wilson, half certain premises, \$1.

Newton.—William W. Wilder to Ruth S. Staples, Merrimack, Mass., land, \$1.

Plaistow.—George C. Jewell to Royal Whitton, Boston, land, \$1.—Joseph S. Cartwright to Ardelle O. Cartwright, land and buildings, \$1.

Portsmouth.—Horace E. Frye to Harry Cohen, land and buildings on Cass street, \$1.—Theodore B. Munroe, Boston, to Nellie F. Cash, lots 21-22, selling ton Terrace, \$1.—Susan A. Brooks to

Abigail W. Downs, Jamaica Plain, Mass., land and buildings, on Gates street, \$1.

Rye.—Administrators of estate of Samuel Lee, Columbus, O., to Harriet D. Dodd, New York, rights in certain premises, \$5,000.—Piscataqua Savings Bank, Portsmouth to New Hampshire Historical Society, Rev. John Tucker monument lot at Star Island, \$1.—Theodore Green et al to William Caswell, land and buildings, \$1.

Salem.—Lucy C. Merrill, Haverhill, et als, to Thornton M. Russ, land, \$100.

Windham.—Emma A. Thomas to Addison J. Dewey, both of Lowell, Mass., land and buildings, \$1.—Theodore O. W. Casey to William H. Hardy both of Boston, land, \$1.

FOR CHARITY.  
A Card Party and Sale Will Be Held April 29 for Benefit of District Nursing Asso.

The board of managers of the Portsmouth District Nursing Association feel most grateful for the cordial support which has been accorded their work by the public. Probably there has never been a more clear demonstration of this sympathetic support than is being manifested by the cordial support of the announcement that there will be, on behalf of the association, a cake and candy sale at the Rockingham, April 29th at 2.30 p. m. In connection with the sale there is to be a card party and two hundred seats have already been sold. Donations of cake, candy and money are being promised daily and the committee feel that the outlook is most bright for a financial as well as a social success.

During the past month 254 visits have been made by the nurse, and the time is not far distant when it will be a physical impossibility for one nurse to do the work. Opportunities for membership, donations or pledges of support and assistance will be given at the sale or by application to the committee.

MRS. HORACE WIGGIN.  
MRS. WILLIAM MISKELL.  
MRS. F. S. TOWLE.

New Hampshire College, Durham, N. H., April 14.—The Women's League, an organization of women students, women members of the faculty and the wives of faculty members has undertaken to make the costumes for the 20 or more men who are to take part in the Shakespeare Revival here April 26.

The league has appointed a special committee to secure the materials and a series of sewing meetings will then be in order until the doublets and other 16th century articles of apparel are completed.

The women of the east under the direction of Miss Goldie Inach are making their own costumes. There are daily rehearsals of the scenes and the morris dances which are to follow them.

The Kappa Sigma fraternity has decided to build a home here and work is to be begun at once. The trustees of the college have given the organization, without charge, a long lease on a lot suitable for the building, which will be a handsome, three-story brick building to cost about \$15,000.

The new chapter house will doubtless be followed by others, some of them perhaps in the comparatively near future and all will fit into a general plan for the development of the college campus made by Professor J. T. Huddleston of the department of drawing. This plan provides sites for no dormitories, a college commons and several fraternity buildings. The site selected by Kappa Sigma is on the main street of the village, about opposite the home of President Fairchild.

The architect for the new building is J. H. Ritchie of Boston, who drew the plans for the handsome new dormitory, Pittsfield Hall.

The college trustees have made arrangements for the purchase of the M. G. Woodman farm here. The estate adjoins college property, includes an orchard of 100 apple trees, and will give much needed pasturage.

## The Supreme Car

Patented by Hudson  
December 28, 1915  
Patent No. 115591

With a Patented Motor  
Which is 80% More Efficient

\$1375  
at Detroit

## Hudson Super-Six

76 h. p. From a Small, Light Six

HAVE you any doubt that the Hudson Super-Six is the greatest car ever built? If so, you should make some tests. Before you buy a car for years to come, these are some claims to settle.

### THE FASTEST CAR

The Super-Six is not built for speed. But speed is one way to prove its efficiency.

The Super-Six has made the fastest speed ever made by a touring stock car.

### MOST POWERFUL

The Super-Six is the most powerful motor in the world with like cylinder capacity. A new principle, patented by Hudson, has added 80 per cent to motor efficiency. This size of motor, at its best, used to deliver about 42 horsepower.

In the Super-Six, it delivers 76 horsepower. No other type—Six Eight or Twelve—approaches the Super-Six in efficiency.

### MOST ENDURING

This vast reserve power—this added 80 per cent—comes through enduring vibration. In the Super-Six we attain utter smoothness. The motor friction, which caused wear, is reduced to almost nothing.

Engine life is nearly doubled.

### MOST ECONOMICAL

This saving of friction means other economies. The power, that was

wasted is here turned to reserve power. In ordinary driving the Super-Six is never run at more than half-load. The motor is never taxed. That means economy in fuel and in wear.

### BEST PERFORMER

The Super-Six will out-perform any other car that's built. It has done what no other car has done. It has climbed hills on high gear which never before have been climbed on high gear. It excels in quick acceleration.

Never was a car so flexible. Never a car with such bird-like motion at high speed. You can prove these facts in 30 minutes by a ride in the Super-Six.

### THE CAR YOU WANT

The Super-Six is the car you want, if you buy a fine car. You don't want less efficiency, less smoothness, less endurance. To buy a car without this motor will surely mean years of regret.

Rivals will argue otherwise. But find out for yourself. The Super-Six is exclusive to Hudson, so others are bound to question it.

If you order now you can get a Super-Six by the time good roads are ready. And it's well worth waiting for.

Come and let us prove that.  
7-Passenger Phaeton, \$1375 at Detroit  
Five Other Styles of Bodies  
HUDSON MOTOR CAR CO., Detroit, Mich.

### All Other Cars Outrivalled

At Sheephead Bay, under A. A. A. supervision, a 7-passenger Super-Six stock car, excelled all former stock cars in these tests:  
100 miles in 40 min., 21.4 sec., averaging 74.67 miles per hour, with driver and passenger.  
75.69 miles in one hour with driver and passenger.  
Standing start to 50 miles an hour in 16.2 sec.  
During these tests the car was driven 1350 miles at top capacity, at speed exceeding 70 miles per hour, without discoverable wear on any part.

Portsmouth Branch, Church St., rear Post Office, Tel. 9

## DEATH COMES TO JOSEPH R. HOLMES

NATIVE OF PORTSMOUTH, FORMER STREET COMMISSIONER, DIED AT HIS HOME LAST EVENING, AGED 85 YEARS

Death came to Joseph R. Holmes in his eighty-sixth year, at his home on Sagamore avenue on Friday evening after a two year period of failing health due to old age. He was one of the best known citizens in the city and a most active man for his years. Although he had been in failing health for the past two years he continued to be quite active until two days before his death when he was obliged to take to his bed. Mr. Holmes was well liked and well respected by a large circle of friends and was urged a number of times to become candidate for office but he steadfastly refused with the one exception of the time he served as street commissioner. He was a staunch member of the Democratic party but took no active part in politics, and it was only his determination not to enter or allow his name to be used by the party which prevented his almost certain election to several offices.

Mr. Holmes was born in this city, March 18, 1830, the son of William and Mary (Rand) Holmes. He was educated in the Portsmouth schools and engaged in the trade of a stone mason, later becoming a general contractor in grading and foundation work. His years of experience and his efficiency along these lines led to his being chosen as Street Commissioner for this city, a position which he filled with the highest credit to himself and the city for seven years, and in the opinion of a number of citizens Mr. Holmes was numbered among the best street commissioners the city has been fortunate enough to have.

He is survived by three daughters, Mrs. Albert H. Drake of Rye, Mrs. William R. Paul and Mrs. William J. Cator, both of this city, and four grand children.

BIRD DAY FOR SCHOOL CHILDREN  
Albany, N. Y., April 11.—This is Bird Day in all the schools of New York state. The children will give their attention to ways of "tempting

the birds to be more friendly with mankind.

### NOTICE.

## Right Hand of Fellowship.

A meeting of large interest and importance was held at Schenectady, N. Y., a few nights ago, the occasion being a welcome to the ranks of citizenship of a considerable body of men who had recently become naturalized. The meeting was designed to make plain to the new citizens their privileges, duties and responsibilities, and to assure them that as citizens of this great republic they stand equal to all others in rights and opportunities.

Among the speakers were Governor Whitman of New York and Mayor Lunn of the city in which the meeting was held. And good words were spoken by both. The governor pointed out the weakness and the strength of democracy. It can be lifted to the greatest heights or it can sink to the lowest depths. It all depends upon the people and their fidelity to the great principles of freedom and equality for all. He spoke of the public school system as the corner stone of democracy, a system which places the means of education within reach of the poorest and humblest, that all may be fitted for the intelligent exercise of the responsible duties of citizenship. The governor told the new citizens they would find evils and injustices under our form of government, and that it would be their duty to help remove those abuses which impede the progress of the country. He said the government would be what the people make it, and that all should work together to make that government all that it ought to be. And, above all, he endeavored to impress upon his hearers the fact that with the privileges of citizenship goes great responsibility. They must have public spirit and do their share toward making this government the greatest and grandest on the face of the earth.

Mayor Lunn's remarks were along a similar line. He told his hearers it was not necessary for them to forget the lands from which they came or the relatives they left behind, but that their highest allegiance from this time must be to the United States. He warned them that criticism is easy and that constructive effort is more difficult, and urged all to stand for right principles and the highest aims in local, state and national government.

Such a meeting cannot fail to have a good effect. It caused the new citizens to feel that they are indeed a part of the country to which they have come to make their homes. It was an extension of the right hand of fellowship in the right way, and Schenectady will be the better for it. Such meetings might well be more common than they are.

The present is the greatest marrying administration in the history of the country. There have been three marriages in President Wilson's family, and now his physician, Dr. C. T. Grayson, is to be married, the bride-to-be being an intimate friend of the present Mrs. Wilson. There seems to be a matrimonial network about the Wilson family in which it is very easy to become enmeshed.

It is claimed that a Brooklyn inventor has produced a mechanical eye which, attached to a typewriter, will automatically copy any reading matter placed in front of it. This is a large claim and the report is important. If true, but the fact remains that the most valuable improvement to the typewriter would be an attachment which would insure invariably correct spelling.

The Shovelers' Union of an eastern city, which embraces most of the unskilled labor, is evidently preparing to meet the increased cost of living. It is demanding a 44-hour week, double pay for overtime and a minimum wage of \$2.50 a day. Labor is said to be honorable, and at this rate it is liable in time to become popular.

In some sections there is vigorous opposition to the proposition of the operators to regrade the sizes of coal, which would result in only two sizes instead of the present four. If the opposition is strong enough the operators may be willing to compromise by confining the regrading to the price.

The cost of feeding United States soldiers is also going up, but they will not be allowed to suffer on that account. General Sharpe says the American army is the best fed army in the world, and this it will continue to be, regardless of the price of rations.

The repression of the negro is not so cruel and unrestrained as it might be. An exchange urges that he be given a fair chance in the ranks of the army, as he undoubtedly will be if some of the troubles in sight come to a head.

Ground hog stock is stronger than it was and people are beginning to admit the possibility of an early spring.

## MAY BE A CANDIDATE

Harry W. Keyes, of Excise Board, Mentioned for Governor.

Harry W. Keyes, chairman of the state excise commission, president of the National Bank of Woodsville, "selection" of the town of Haverhill, and one time crack Harvard Oarsman will be a candidate for the Republican nomination for governor—provisionally.

Mr. Keyes owns up to having the matter seriously under consideration, and that is some admission for any candidate to make this far ahead. You're got to hand it to Keyes—provisionally. "Keyes, please—for not hedging is a true political style when he is approached for the purpose of cross examination by agents of 'pitiless publicity'."

Mr. Keyes' name has been mentioned in connection with the gubernatorial nomination in various sections of the state during the past few weeks. The chairman of the license board knows it, and has been urged repeatedly to get into the game. This urging it is true, has come largely from his own section, in the northern part of the state, but is also a fact that his possible candidacy has become a topic of more or less gossip by political followers of both parties, even as far south as Nashua and Manchester.

There seems to be more or less belief among some of the leaders of both the Republican and Democratic parties that Mr. Keyes would not hesitate an instant about proclaiming himself flatfootedly a candidate, if he could convince himself that he could secure the nomination. This, he is not certain of in his own mind, and until he decides what the prospects in that direction are, he is expected to withhold his actual hat-in-the-ring pronouncement.

Of course it is apparent to Mr. Keyes that the southern section of the state is an important factor in any contest that might develop. Governor Spaulding has been mentioned with increasing frequency, of late as a candidate to succeed himself. This would involve the breaking of a long established precedent, but precedents have been hopelessly smashed before.

Honorable W. Pillsbury of Londonderry, also in the southern part of the state, is an openly avowed candidate. It may be that Keyes' supporters sending a division of this part of New Hampshire between the man from Rochester and the Londonderry candidate, figure that it would be less difficult to nominate a north state candidate than would be possible in other circumstances.

## PEOPLES' OPINION

Wants a New School

Editor:

Being thoroughly interested in the present schoolhouse question in Kittery and having looked into the matter more or less, will you please allow me to express a few of my ideas through your columns.

In the words of one of our school authorities, it is time something was done at once about the Wentworth school and the only question is, what shall be done?

The school committee asked money to repair and extend the present building where the rooms are now long and narrow. They would not only cover the end and make them 12 feet longer, then build a back stairs between them and build over the front halls to provide more stairway, which is absolutely necessary. Then they propose to fix over the basement and put in a sewer. This they estimated at \$2500, but I for one do not believe it can be done for less than twice that sum or \$5000.

I believe that now is the time to bring our schools up-to-date by building a central, eight-room building, where each teacher would teach one grade only, instead of from two to four grades, and so be able to give the scholars more individual attention. We already have the eight teachers.

## CURRENT OPINION

Pan-Americanism Will Halt Until We Finance South America.

Although much has been done to adapt American finance to the opportunities provided by the federal reserve act and by the war, little has been accomplished toward discharging the function of financing the countries which are open for the investment of American capital.

Until we are ready to take advantage of the opening made for us by the drying up of the investment stream of Europe the title of "world's banker" will not pass to the western hemisphere, nor will practical pan-Americanism become a reality if Europe continues to be the source of the loans necessary to enable our sister republics to develop their latent resources and realize to the full degree of their material prosperity.

Foreign investment is a commercial preparedness measure, a source of protection for the whole industrial fabric of our country.—By James A. Farrell, President of the United States Steel Corporation.

## NAVY YARD NOTES

### Vessel Movements

The Acorn and Pennacook at Portsmouth.

The Aylwin, Hatch, Cassin, Cummings, McDougall and Wadsworth at New York.

The Baltimore, Duncan and Orion at Hampton Roads.

The Charleston at San Pedro.

The Fanning and Jenkins at Norfolk.

The Jupiter at Vera Cruz.

The Machias at Tampico.

The New Hampshire at Cape Charles City.

The Nicholson at the Philadelphia yard.

The Denver has sailed from La Paz for Guaymas.

The Hector from Lambert Point for Melville, R. I.

The Jacob Jones from Key West for Pensacola.

The Nero from La Paz for San Diego.

The Sebago from Charleston yard to sea.

The Brutus will leave Hampton Roads about April 21 for the west coast via the Panama canal.

The mail address of the New Hampshire until May 15 will be "In Care of the Postmaster, Cape Charles, Va."

The mail address of the Raleigh will be "In Care of the Postmaster, New York City," until further notice.

The Tucker and L-1 were placed in commission at the Boston yard on April 11.

The Walworth has been ordered placed in commission at Philadelphia yard upon delivery.

### Naval Orders

Lieut. H. G. Fuller the Birmingham to the Maine.

Jr. Lieut. A. M. Cohen, receiving ship at New York, to assistant to publicity officer, New York city, and A. T. Baldwin, the Rhode Island to the Birmingham.

Ensign E. C. Sweeney to the Maine.

Surgeon P. G. Abken, the Colorado, home, wait orders.

Boatswain H. P. Rabbush, the Florida to the North Dakota.

Boatswain J. Whalen, the receiving ship at New York to the Florida.

Chief Gunner J. T. Boneh, the Florida to navy yard, Washington.

Gunner S. Thompson, the Florida, home and wait orders.

Acting Pay Clerk E. L. Gray, receiving ship at Philadelphia to temporary duty the Alabama.

### Not So Bad

The sum of \$30,000 was distributed among the civilian force today from the pay office.

### Two Ships Arrive

The U. S. S. Dubuque arrived at 4.30 this morning and the San Francisco followed later about 10.30. The vessels expect to be ready for sea again about May 15.

### Chains Coming Back

Several carloads of anchor chains for the U. S. S. Washington are being received from the Boston yard where the metal has been given a test in the chain sheds of the Charlestown yard.

### Propellers for Baltimore

A carload of propellers for the mino planter Baltimore were received from the Norfolk yard today.

### First Game on Fast Day

The new yard baseball team will play its first game on Fast Day when it will meet a combination of players from the teams of the Sunset league.

### For Other Yards

Shipments of manufactured articles were made today to Mare Island, Philadelphia, Charleston and other naval stations on the coast.

### Family Pride

Hoping to be the first to relate some unwelcome news the youth rushed in to the house and said:

"Father, I had a fight with Percy Raymond today."

"I know you did," replied the father, solemnly. "Mr. Raymond came to see me about it."

"Well," said the son, "I hope you came out as well as I did."—Ladies Home Journal.

## FIRST CASE IN STATE OF MAINE

Federal Government Assumes Prosecution Instead of the State.

The first case of its kind in the state of Maine, under the new regulation by which the Federal government assumed the prosecution formerly enforced by the state in regard to the prosecution of thefts of United States property issued to states for the use of the organized militia, came up on Friday before United States Commissioner William Bradley at Portland, when Alfred Edward Cloutier and Philip St. Louis, privates in the 5th company, C. A. C. N. G. S. M., of Lewiston were arraigned for the theft of an automatic revolver from the armory.

The complaint was sworn out by U. S. District Attorney John F. A. Merrill of Portland.

The recent United States regulation was transmitted from the office of the adjutant general to the company officers in the state but a few days ago and was to this effect:

The following circular from the department of justice, Washington, to United States attorneys has been received at this office and is herewith published for the information of the National Guard. In this connection your attention is called to the fact that all property in the possession of the organizations and individual officers, which has been issued by the state, belongs to the federal government.

In connection with instances of theft of United States property issued to the states for the use of the organized militia, the secretary of war requests that the attention of United States attorneys be called to the seriousness of this subject, and asks for the co-operation of this department in putting an end to this character of losses.

In order not only to prevent actual property losses, but also to assist in maintaining the discipline of the organized militia, you are directed to enforce vigorously, in this connection, the provisions of Sections 45, 47 and 48 of the Penal Code.

## LIFTS EMBARGO ON FREIGHT

Normal Conditions Restored in Nearly All Parts of New England.

The restoration of a normal condition in all except a few particular localities in New England is the reason why, according to the embargo committee of the Eastern Freight Accumulation Conference, the embargo except as to export freight was in a large measure lifted at midnight on the New Haven lines.

For the present, however, the embargo remains in force against Naugatuck, Waterbury, Waterville, Torrington, Bristol, New Britain and Hartford, Conn., against cotton consigned to Fall River and Watauga, Mass., and against a few individual concerns that have an accumulation of freight on hand beyond their present ability to unload.

So far, moreover, as the embargo concerns bituminous and anthracite coal, lumber and cement, it will be lifted only to the extent of one-third the average daily receipt from connecting lines during April, 1915. The accumulation committee yesterday reported rapid progress in clearing up the congested situation in New England and New York Harbor. As to the reason for some of the New Haven exceptions, the committee reports:

"The situation at Bristol, Hartford, Naugatuck, New Britain, Torrington, Waterbury and Bridgeport requires concerted action and co-operation by the shippers, consignees and railways as the business for these places is still in excess of the daily releases. This situation at Bridgeport is not quite as acute as formerly."

Reports from inspectors in New York Harbor disclose the fact that shipments from rail lines to coastwise lines are moving normally. The inspectors are to be kept in this district until the situation is entirely cleared up.

Itching, bleeding, pruritus or blind piles have yielded to Doan's Ointment. Get it at all stores.

Mrs. John Colby Abbott, a summer resident of this place, who has been passing the winter at St. Augustine, Florida, has arrived at the Rockingham hotel, Portsmouth.

## SCHOOLS WILL HAVE BANKING SYSTEM

The Dover school board has adopted the suggestion of Superintendent Damon whereby a banking system will be established for the pupils in which they can save their pennies. It will cost about \$20 to get the system in working order and certainly is a good idea. The superintendent says that it is a good thing to teach thrift among the school children, and have the children save their pennies instead of spending them. He spoke of a school that he knew of where the pupils have saved \$2000 and he believed that it would be a good thing for the pupils of the schools to try it out. He was of the opinion that it would work out to good advantage to the pupils and it would cost but little to put the banking scheme into effect. The children have the opportunity to dispose of a penny a day if they want to. If the committee should see fit to give the matter a trial the pupils of the commercial course could do all the banking business practice. The money would be deposited in either of the banks and bank books with the deposits taken out. The banking system would teach a good lesson in thrift and would teach them to save.

Why not see Sugrue about that summer suit? Suits to your measure from \$13.00 to \$30.00.

On Monday evening occurs the supper and entertainment to be given by the Philathea Club in the vestry of the Second Christian church.

A rehearsal of music for the patriotic meeting of April 19 at the home of Supt. Miss Goodrich, Monday afternoon after school, at 4 o'clock.

Earnest Workers, No. 44, Juvenile Temple will meet on Wednesday, April 19, at 7 o'clock.

## FREIGHT CAR RUNS WILD

Hits Motor Truck, Wrecking It at Manchester.

Manchester, April 15.—A freight car ran wild on Franklin street on Friday smashing a \$1600 delivery automobile, the property of Fred L. Noyes, and struck a team owned by Bisson and Jeddin, forcing the horse through a plate glass window, and crushed slate shingles to the value of \$40.

The car was standing near the beef house of Armour and Company when the brakes became loosened by the jarring of heavily loaded teams. The car started down grade and hit the automobile.

The chauffeur, John Martin, had unloaded the truck and was about to crank it. He had barely time to jump from his seat and escape the onrushing car. A section of the wreckage struck his clothing and nearly pulled him under.

When the horse went through the window, his head bumped against a bookkeeper, who had no time to leave his post. The horse was cut in several places.

## KITTERY

All those interested in the construction of a new school building in Kittery are urged to attend the meeting to be held at Grange hall, Monday evening at 7.30 o'clock.

The many friends of Mr. George Frost of the Intervene will be pleased to learn that he is improving from his recent illness, and is able to be down stairs again.

Why not see Sugrue about that summer suit? Suits to your measure from \$13.00 to \$30.00.

On Monday evening occurs the supper and entertainment to be given by the Philathea Club in the vestry of the Second Christian church.

## BIG FIRE AT PETERBORO

Two Stores Destroyed and Town Hall Badly Damaged.

Peterboro, April 15.—Fire, which started near the heating apparatus in the basement of the town hall building late Friday afternoon, resulted after three hours in damage of \$10,000 to the building. The contents of a combined hardware and grocery store and a drug store in the basement were destroyed with a loss estimated at \$12,000.

Three or four inches of snow on the ground and the storm hampered the efforts of the firemen. A loud explosion of oils and combustibles in the hardware store slightly injured two firemen, Ernest Dine and George W. Chamberlain, the shock throwing them backward five or six feet.

The firemen were finishing a session when the fire was discovered at about 5 p. m. All the town books were rescued from the hall and placed in the vaults of the savings bank.

The building was of three stories, of brick, with a slate roof. The three upper floors were more damaged by smoke and water than by fire.

The owner of the drug store set the value of his stock at \$5000 and said it was practically destroyed. The proprietors of the hardware and grocery store valued their commodities at \$3000 and said they were pretty thoroughly cleaned out.

The annual Self-Denial week will be observed by the Salvation Army in the U. S. commencing tomorrow until April 23rd and the local corps will do its part in raising money for the extension of the work of this worthy organization. The ministers of the various local churches have given permission to members of the army to take up collections after the services tomorrow morning. Captain Beech will also have the familiar kettle on the street and it is hoped that a generous response will be made by the people.

## STATE CONFERENCE

### OF SCHOOL BOARDS

### AT CONCORD IN MAY

MATTERS OF IMPORTANCE ARE ON THE PROGRAM FOR DISCUSSION AND LARGE ATTENDANCE IS EXPECTED.

Sanitation in school houses, medical inspection, the census, continuation of special schools, the building question in cities and the administration of the city schools will be included in the discussion at the State School Board conference to be held at Concord on May 14th and 15th. The conference will have afternoon and evening sessions on Thursday, the fourth, the afternoon session opening at 2:00 o'clock. On the second day the sessions will be held in the morning and afternoon. The conference is to be held at Representatives Hall and are under the New Hampshire department of public instruction.

One hundred and fifty-eight members from the state attended the conference last year and it is expected by the officials that an even larger number will be in attendance at the coming conference. The matters coming up for discussion are of interest to every school board in the state and proved of great value last year.

# THE STORY OF HOLY WEEK

Illustrated by the Stereopticon

## LOCAL DASHES

Tomorrow is Palm Sunday. Junk men were busy today. Tax collector Page is on the hunt. Safety first on Daniel street—run slow.

Fish of all kinds at Clark's Branch. Tel. 133.

Mayflower hunters will take to the woods and fields tomorrow.

The weather man has prevented lots of grass and brush fires so far.

All the kids in the Dover schools are going to save their money.

The weather man predicts "fair and warmer" for Sunday. Let's hope so.

J. H. Dowd & Co., marble and granite works, 52 Market street.

The police are dragging the river again today for the body of Elder Munsey.

The sentiment for Col. Theodore Roosevelt for President is apparently increasing.

Lobsters and fish of all kinds caught by our own boats, fresh every day. E. Jameson & Sons, Tel. 245.

A full bloomed buttercup was recently picked in Rockland, Me. Wonderful climate in the old Pine Tree State.

Children's millinery opening. Monday, April 17. Special values for girls from 10 to 15 years. J. M. Fisher, 243 State street. Tel. 213, 21.

About two inches of snow fell on Friday. It will be remembered that last year, snow fell the day before Easter.

Upholstering, half mattresses renovated. Margaret Bros., Tel. 670.

Members of the Salvation Army will be stationed at many of the local churches tomorrow, morning to take up the collection for the Self-Denial effort. Have some change ready.

## EASTER BALL OF THE COUNTRY CLUB

Preparations are being forward for the annual Easter ball to be given by the Portsmouth Country club on Monday evening, April 24 in Freeman's hall. Invitations are now being issued.

There is expected to be a record attendance as it will be one of the big social events of the season. Music will be furnished by the Marden Orchestra of ten pieces.

## HILTON HALL.

Hilton Hall is now fully equipped to receive the public at its official opening, Saturday evening, April 15. An exhibition of modern dancing will be given by a young lady who will be found at Hilton Hall during the coming season. Chicken, steak and broiled live lobster, dinners will be served, also a special course dinner for \$1.50. Good music for dancing.

## BODY RECOVERED

The body of Elder Munsey who committed suicide from the trestle on the Dover branch on Friday, was recovered by the police Saturday afternoon.

## METHODIST CHURCH NOTES.

The Standard Bearer will meet Monday evening with Miss Gladys Robinson, 210 South street. Members and friends invited.

## RIBBONS

The very complete stock of Ribbons shown by the

## D. F. BORTHWICK STORE

Is attracting much attention for Neckwear, Hair Bows, Hat Trimmings and Fancy Work.

## HANDKERCHIEFS

Plain Linen, Hemstitched, White and Colored, Embroidered.

And Novelties in pink, blue and lavender border and plaids.

## FELL INTO

## THE RIVER

Tugboat Crew Saves Life of Somersworth Man With Boat Hook.

A man, whose name is said to be Leary, and hailing from Somersworth, had a narrow escape from drowning this forenoon at the Appleton wharf off Market street. He was walking along the cap of the wharf in the rear of the store of J. L. O. Coleman when he lost his balance and fell into the dock. His cries were heard by men on the tug Piscataqua, tied up at the head of the wharf, and George Murch, the mate, and Arthur Patch came to the rescue.

With the assistance of a long boat hook they kept him afloat and dragged him along through the water until he reached the steamer where he was pulled aboard very near exhausted. He refused to tell his name but people who know him say he came here from Somersworth a few days ago looking for work and that his name is that given above.

This makes the second time within three weeks that Murch has played the part of life saver on the water front, the first being the rescue of a boy in the water off the landing of the steamer Queen City.

## THE HERALD HEARS

That the tax collector is making a cleanup on poll assessments.

That the Concord board of public works will sell all the waste paper collected by the highway department.

That this makes the second city of the state to go in the business.

That the passengers on the evening pullman from Boston say they more than enjoyed the argument between that Portland man and a young lady from this city on the way to Portsmouth a few nights ago.

That the Portland man was up against the real thing when he met the Portsmouth party.

That she held her own in all stages of the argument on various topics.

That he was told where he got off when he started to hand it out about her home town.

That the baseball club at the navy yard will be practically a new outfit.

That only three of last year's team will be seen in the lineup.

That it is amusing to hear the several stories connected with the order eliminating liquor from the cafes on the Boston and Maine railroad.

That the weather man is still mixing it up.

That Contractor Klerman will shortly begin the work of getting the addition on the Portsmouth hospital for the X-ray.

## WILL DRESS IN COSTUME

Oliver L. Frisbee to Attend "Boom New England" Dinner at Boston, April 20.

Mayor S. T. Ladd has appointed Oliver L. Frisbee to represent the city of Portsmouth at the Hotel Men's of Portsmouth at the Hotel Men's "England Dinner" Thursday, April 20, at Hotel Somerset, Boston, from 6 to 11 p. m. After consulting with several business men of the city, Mr. Frisbee decided to appear dressed in a certain costume to advertise Portsmouth.

Every person attending the dinner will be dressed in a costume to advertise the town or city from which he comes. There will be two prizes given out for finest representation and the other for the most unique representation. All the governors of New England have been invited. Three hundred persons are expected to attend.

## TO GIVE EASTER BALL.

Affair by the Marine Guard to Be One of the Social Events of Season.

The Easter ball to be held by the members of the marine guard of the U. S. naval prison on May 3, 1916 at Freeman's hall will undoubtedly prove one of the most widely attended social events of the season. It is the desire of the committee in charge to surpass, if possible, the Thanksgiving ball of last year and the members of this committee are working mightily toward that end.

The ball will be strictly an invitation affair.

## NEW LINES FOR WESTERN UNION

A crew of 10 men from the Western Union Telegraph Company are in this city installing new lines over the Boston and Maine which will extend from

Beverly to Portland. Under the new construction the lines will be shifted to the other side of the railroad, placing all lines of telegraph and telephone on the same side.

The company had planned to install copper instead of iron wire but dropped this idea when copper made a big jump in price. Previous to the advance it cost the company about \$30 per mile for stringing copper wire. At the present time it cannot be done for less than \$47.

## SAYS FUNDS ARE WASTED

Senator Borah Makes Charges Against National Guard Officers.

(Special to The Herald)

Washington April 15—Senator Borah of Idaho produced a sensation in the senate during the debate on the Chamberlain army bill this afternoon, by charging that \$5,000,000 annually appropriated by the Federal government to the National Guard has been "shamefully and disgracefully wasted and some of it actually embezzled." Borah charged that officers of the National Guard had made use of the Federal funds for their own purposes.

## FOOTLIGHT FLASHES

Walter Pritchard Eaton, in an address to the American Society of Dramatists on "The Poor Critic—and Poor Critics," said that of "Fair and Warner" one could only say it was a "screening farce."

William Courtenay tells a quaint story of a happening in the old Leland Stock Company. There was a sudden vacancy in one of the leading roles and an woman capable of playing it could be found. Mr. Courtenay noticed an eager, lovely girl—a beginner in the company—who wanted to volunteer but dared not. On a venture he suggested her. In desperation the managers agreed. She made a distinct success and was ever thereafter definitely "discovered." Her name is Frances Starr.

Arthur Aylesworth was a member of the company assembled by Weber and Fields for their famous revival at the New Weber and Fields Music Hall, now the Forty-fourth Street Theatre. There he learned much of the comic faculty which now makes him such an asset to "Hilling Stones."

## 3,000,000 COSSACK BOOTS.

London, April 15.—Three hundred thousand pairs will yield up their hides to make the 3,000,000 Cossack boots just ordered here. Each pair of legs takes nine feet of leather and each pair of fronts two feet.

Watch out for brush fires.

## OLYMPIA THEATRE

High Class Features!

For the last two days of the week we offer the patrons of the Olympia a feature program of unusual merit and of the highest quality.

## D'ARTAGAN

is a Triangle Fine Arts Production featuring Orin Johnson and Dorothy Dalton in the leads. Adapted from the great story by Alexander Dumas, "The Three Musketeers." It tells the story of a young musketter, who went through a series of thrilling adventures to protect the name of the Queen of France.

## "GRAFT"

"The Milk Trust" is the title of the twelfth installment of this great serial, showing the crooked machinations of one man trying to control the milk market to the intense suffering of thousands of poor children who find themselves deprived of that necessity of life.

## FIDO'S FATE

Triangle-Keystone comedy featuring Charles Murray.

## BROADWAY STAR FEATURE.

Three reels. Matinee 2:00; evening, 7:00 and 9:15.

Coming features for Monday and Tuesday—Wilfred Lucas and Mary Alden in "Accutted," Triangle play in five parts; Victor Moore in "Chimmie Fadden," Paramount picture in four reels; Charles Murray in "His Hereafter," Keystone comedy.

## HEAVY FINES ARE IMPOSED

Labor Contractors Arraigned Before Judge Aldrich at Concord.

In the U. S. district court at Concord on Friday, the men charged with violating the immigration laws by importing contract laborers for the north country labor camps were arraigned before Judge Aldrich.

Henry Wood of Sawyerville, P. Q., was fined \$100 and ordered to pay costs of \$57.64. W. H. Gates of Coös-shire, P. Q., was fined \$1000 with costs of \$734. Frank Costello of Pittsburg, a sub-contractor, was fined \$500 with costs of \$250.38. Evarista Blason was not present but his counsel, Oscar Moreau, pleaded guilty for him.

There was a large array of New Hampshire and Massachusetts lawyers in the court.

The lumbermen who have been held since December and are now in the Concord and Manchester jails were ordered turned over to the immigration officials to be deported.

## BANK STOCK FOR SALE.

Sealed bids will be received for three shares of First National Bank stock until April 19, 1916. Bids may be sent to David E. Jenkins, 121 Cabot street, or Andrew M. Gardner, 52 Whigol, and should be marked "Bids for Bank Stock." Tel. 213, 51.

## EASTER NOVELTIES.

Candy eggs, candy rabbits, roosters and chickens. Largest assortment in the city. Nichols' Candy Store.

1916—From a washing taken from Austin street to Pine street two weeks ago Sunday night, a white hand-embroidered shirt waist. Return 9 Pine street; reward. Tel. 213, 19.

## FRED GARDNER

Globe Building

In your "preparedness program" for Easter the accessories to "support" the new suit are an all important feature. With a new suit, any weakness in this "second line of defence" is very noticeable. Here are all the smart styles for spring in each item of the accessories: Shirts, gloves, cravats, collars and hose.

## Henry Peyser & Son

"Selling the Tops of the Period."

## The Hardman

THE PIANO THAT GIVES PERENNIAL SATISFACTION

This is an interesting fact about the Hardman Piano. Run your eye over the lists of used and exchanged pianos offered every now and then for sale at reduced prices. You will notice that the Hardman is conspicuously by its absence. A hundred or more different manufacturers are constantly represented in the lists in the course of the year, but rarely found is the name of Hardman.

This can mean only one thing. The people who have bought the Seventy Thousand Hardman Pianos are so thoroughly satisfied with them that they desire no change. Even when they decide to replace their piano by a Player-Piano, they still want a Hardman. So they come to us and exchange their valued old friend for a Hardman Autotone.

That word "friend" sums up the whole situation. The Hardman is the Piano of the Home. Almost from the moment of its arrival in the household it is regarded by each member of it not as a mere musical instrument but as a real, living, intimate friend.

It is this that should influence you when you are making up your mind as to what Piano you are going to buy. These facts you will find well worth remembering.

Terms arranged to suit your convenience. Liberal allowance for instruments taken in exchange. Write for handsomely illustrated catalogue.
